Supporting Evidence: Mr. Schademan is considered to be in violation of his supervised supervision conditions by consuming a controlled substance, methamphetamine, on or about March 25, 2025.

On March 25, 2025, Mr. Schademan reported to the probation office after having bailed out from jail on a pending state matter and submitted to urinalysis testing. The specimen provided by Mr. Schademan was presumptive positive for methamphetamine. The specimen was sent to Alere Toxicology Services laboratory for confirmation testing.

On April 1, 2025, this officer received the test results from Alere which indicated the specimen provided by Mr. Schademan to be positive for methamphetamine.

The U.S. Probation Office respectfully recommends the Court to incorporate the violation(s) contained in this petition in future proceedings with the violation(s) previously reported to the Court.

I declare under penalty of perjury that the foregoing is true and correct.
